

2022 Source Water Protection Mini-grant Program

\$30,000 for protecting drinking water sources

Do you have a great project that helps protect drinking water sources in Tampa Bay?

Get your share of the funding! Grants ranging from \$2,000 to \$10,000 are available to community groups, nonprofits, school groups and educational institutions located in Hillsborough, Pasco and Pinellas counties.

Examples of Qualifying Projects Include

- River and stream cleanups
- Riverbank restoration and stabilization
- Protection and preservation of the region's watersheds
- Innovative solutions to reduce pollution in wetlands, rivers and coastal areas
- Educational resources for teaching the water cycle and water stewardship
- Public outreach campaigns such as workshops, signage, art projects or exhibits

What is Source Water Protection?

Source water protection includes a wide variety of actions and activities aimed at safeguarding, maintaining or improving sources of drinking water and their surrounding watersheds. Everything that happens on the ground will eventually make its way to the water.

About Tampa Bay Water

Tampa Bay Water is Florida's largest wholesale water utility and provides reliable, high-quality drinking water to Hillsborough, Pasco and Pinellas counties, and the cities of New Port Richey, St. Petersburg and Tampa. Through our member governments, we supply water to 2.5 million residents in the Tampa Bay region.
